Hello from the Mayor's office!

Mayor will be at City Hall October 12th and 26th at 9am to talk with you about questions or concerns residents may have. Anyone is welcome. Some items the City is Working on is renewing the floodplain management ordinance. This is part of the Flood Insurance Program at the Federal and State Level. New Flood Maps are available and will become effective at the end of 2019. Information is available in the Atkins Library or contact City Hall Offices.

The Census 2020 work is ramping up. Jobs are available now for the Census. The Census is a primary factor when money is allocated to Cities across the nation. The City receives funds from several sources based on population, so an accurate count is important to City funding. Money for streets for example is provided to the City based on population so I encourage all residents to participate in the Census 2020 when the information is available. Each address will be contacted to participate by mail, online, or in person.

Regards, Bruce Visser, Mayor
